5. Duties & Responsibilities of Immediate Past Employment

5.1 Duties & responsibilities

Being the founder CEO of Industrial Services Bureau (ISB) and its two affiliated organizations (ISB Services Limited and ISB Environmental Services), I was responsible for leading & guiding a team of multi disciplinary consultants (around 30) engaged in technical services, agriculture services & business promotion.

As the CEO of all three entities, I was also responsible for administrative and financial management of the organization.

6. Previous Employment Record

6.1 From 1977.11.07 to 1978.05.08 (Six Months)
Mechanical Engineering Department
University of Moratuwa, Sri Lanka
As a Visiting Instructor

Nature of Work: (**Teaching**)
Conducted the Tutorial & Practical Classes for Engineering Undergraduates

6.2 From 1978.01.31 to 1978.04.24 (Three Months)
Department of Machinery & Equipment – Ratmalana, Sri Lanka
As a Trainee Engineer

Nature of Work: (**Stores Administration & Maintenance**)
Trained in General Stores Administration. In addition, trained in Repairs and Maintenance of Diesel Engines and Heavy Machinery

6.3 From 1978.05.08 to 1978.08.31 (Four Months)
Ceylon Petroleum Corporation – Refinery Division, Sapugaskanda, Sri Lanka
As an Assistant Mechanical Engineer (in the Mechanical Maintenance Department)

Nature of Work: (**Maintenance**)
During this period, I was responsible for Routine & Planned Maintenance of Steam Boilers, Power Plant Equipment, Water Intake & Purification Unit, Storage Tanks, LPG Storage and Filling Area, Bitumen Storage & handling.

6.4 (a) From 1978.09.01 to 1979.11.28 (15 Months)
Prima Flour Mills - Singapore
As a Mechanical Engineer / Trainee Miller

Nature of Work: (**Installation, Operation & Maintenance**)
During this period, I was trained in Machine Installation pertaining to Flour Milling Industry, Machine Fabrication, Workshop Practices & Flour Milling. I assisted the supervision of the fabrication work of

two numbers 250 ton/hr Gantry Towers (now used in Prima Ceylon Ltd., Trincomalee, Sri Lanka). In addition, trained in Air Conditioning, Repairs, Maintenance and Operation of Heavy Vehicles (Fork Lifts, Trucks, Cranes, etc.)

- (b) From 1979.11.28 to 1984.02.05 (4 Years & 2 Months)
Prima Ceylon Ltd., Trincomalee, Sri Lanka
As a Mechanical Engineer / Miller

Nature of Work:

(Installation)

On my return to Sri Lanka, after successful completion of training in Singapore, I was actively involved in the erection and installation of machinery in the flour milling complex at Trincomalee – Sri Lanka which was commissioned in 1980. It was the world's largest flour mill (2,500 ton/day) under one roof at the time of commissioning. I was engaged in the installation of the following machinery; mechanical workshop machine tools, carpentry machine tools, all types of conveyers (screw conveyers, belt conveyers, chain conveyers, pneumatic conveyers, bucket elevators, etc.), all types of flour milling machines, gantry towers and ship handling equipment, utility equipment (steam boilers, air compressors, water treatment plant, air conditioning & refrigeration equipment, etc.)

(Production)

During the time of installation, I was the officer in charge of the mechanical workshop. I concentrated mainly on the fabrication of various machine parts.

(Commissioning)

After the installation, I actively engaged in the commissioning of the flour mill.

(Operation, Production & Maintenance)

After the mill was commissioned, I was the officer in charge of a production shift. I handled all aspects of flour milling process which included grain handling from ship to storage and vice versa, grain cleaning & milling, palletizing, storage and packing of finished products and other related activities such as routine and planned maintenance, keeping records and general organization.

- 6.5 From 1984.02.06 to 1990.07.15 (6 Years & 5 Months)

National Engineering Research & Development Centre of Sri Lanka (NERD Centre)

As a Mechanical Engineer, National Project Coordinator, Acting Head & the Head of the Energy Management Department which is called Energy Management Centre (EMC) – a project funded by UNDP / UNIDO.

Nature of Work:

NERD Centre of Sri Lanka with the technical and financial assistance of UNDP-UNIDO, established the EMC in 1984.

Energy Surveys

I was responsible for the establishment of EMC and the bringing the same to one of the most recognized consultancy bodies in Sri Lanka in the field of Energy Management & Conservation. During my tenure at NERD, I carried out over 50 Energy Surveys in various industries and commercial establishments through out the country of which nearly 50% were investment grade energy audits that resulted in enormous financial and energy savings. Working in such a large number of industrial establishments in varying nature and analyzing their energy utilization (both thermal & electrical) and production systems gave the wide exposure to different aspects of industrial processes. That was a very unique opportunity I had as an engineer.

Designs

During this period, I also had the opportunity of designing the following systems;

Thermal – Condensate recovery systems, waste heat recovery systems, kilns & furnaces, fuel pre heating systems

Electrical – Power factor correcting systems

7. International Exposure

Widely traveled (23 countries) for various purposes (Studies, Training, Workshops, Seminars, Trade & Investment, Consultancies, etc.) in countries such as Maldives, India, Nepal, Australia, Indonesia, Singapore,

Malaysia, Thailand, Philippines, Vietnam, South Korea, Japan, Hong Kong, China, Mongolia, Germany, Sweden, Norway, The Netherlands, Belgium, Luxemburg, UK, and USA

8. Language Skills & Computer Literacy

- Conversant in English & Sinhala
- Conversant in all standard Computer Application Software

9. Consultancy Assignments Undertaken Abroad

- Regional industrial development training & consultancy in **Mongolia** in 1997, 1998, and 1999 for periods ranging from 2 to 4 weeks under the sponsorship of Konrad Adenauer Stiftung of Germany
- Regional industrial development training & consultancy in **Vietnam** in 2000 for a period of 4 weeks under the sponsorship of Konrad Adenauer Stiftung of Germany

10. Research Involvement & Papers Published

Research Fellow on Energy, Environment & Climate Change in AIT Bangkok in 1996

Published & presented over 20 Professional Papers including 5 International Journal Papers as follows;

- Principal Author – “**Energy Efficiency Improvement in a Cement Industry in Sri Lanka**”, Tech Monitor, pp 38-43, Vol 15, No 2, March-April 1998.
- Co-Author – “**Energy Efficiency & Environmentally Sound Industrial Technologies in Asia**”, **Part I – Assessment of the economic viability of technological options**, Industry & Environment, pp 70-73, Vol 21, No 1-2, January-June 1998.
- Co-Author – “**Energy Efficiency & Environmentally Sound Industrial Technologies in Asia**”, **Part II – Industry’s organizational structure and role of the external actors**, Industry & Environment, pp 43-48, Vol 21, No 3, July-September 1998.
- Co-Author – “**Desiccated Coconut Industry of Sri Lanka: Opportunities for Energy Efficiency & Environmental Protection**”, Energy Conservation & Management, pp 2205-2215, 44 (2003).
- Principal Author – “**Cleaner Production: Big Impact from Simple Measures – A Case Study in the Desiccated Coconut Industry of Sri Lanka**”, International Energy Journal, pp 15-27, Vol 4, No 1, June 2003.

11. Other Positions & Responsibilities

Past

Chairman – Institute of Engineers Sri Lanka, Wayamba Centre (Membership – around 300 engineers) 2005/2006
